Project Demo Planning

Date	29 September 2026
Team ID	SWTID-2026-3976
Project Name	AI FAQ Assistant API (AnswerBot)
Maximum Marks	1 Mark

Project Demo Planning:

The demo is planned so that each key aspect of the AI FAQ Assistant API is shown in a clear order, with a named member responsible for each part.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction and problem	Priya's problem and project goal	2	S. Danielraj
2	Architecture overview	Layered architecture, ER diagram and user flow	3	Roydon Malachi Martin
3	Authentication demo	Register, login and profile with JWT in Postman	3	Vignesh Kumar
4	FAQ management and search	Create, update, delete and keyword search	3	Arul Edvish
5	AI features	AI answer and AI FAQ generation with Gemini	3	S. Danielraj
6	Future plan and conclusion	Roadmap and wrap-up	1	Vignesh Kumar
7	Q&A	Questions from evaluators	3	All members

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Set the context using the case study
2	Solution Overview	Show architecture and key features
3	Live Feature Demonstration	Run Postman requests against the local server
4	Q&A Session	Answer questions; total demo about 18 minutes
